# MESSAGE FROM CHAIRPERSON'S DESK

The Mukti Foundation was founded in 1986 with the sole aim to provide custom designed artificial limbs for those in need. However, over the years, our areas of focus expanded to strengthening these communities and promoting equality.

With such a focus in mind, to date, we have provided: over two lakh artificial limbs in India and abroad to the handicapped at our foundation workshop at Meenambakkam, Chennai,

India, and camps held in various countries; promoted awareness on road safety among school children; organized a 'Mukti Maha Yatra' – a rally by road from Chennai to New Delhi by disabled and able-bodied people to create awareness among the public; conducted a Toilet Project at Kottakuppamin Pondicherry; organized sports activities and cultural events for the physically challenged; distributed free bus passes, wrist watches and safety walking sticks to the blind people; partnered with UNICEF in the 'Global Hand washing Day' program, and organized vocational training classes for the disabled as well as for school drop-outs. But much more needs to be done particularly to improve overall health and mental

well-being of such disadvantaged communities to ensure holistic development. New ideas need to evolve.

The ultimate goal is to provide them with equal opportunity. We need to work together with other NGOs, the medical fraternity and corporate sponsors.

This is a long and winding road and we need to persevere. Our future efforts should be directed towards this mission to build a more inclusive, just, and healthy future for the disabled community in particular and the under privileged in general. We can do this only with continued support from friends.

**Meena Dadha**

*With Best Wishes*  
**Suresh Sunitha Gundecha**  
*T.Nagar, CHENNAI*

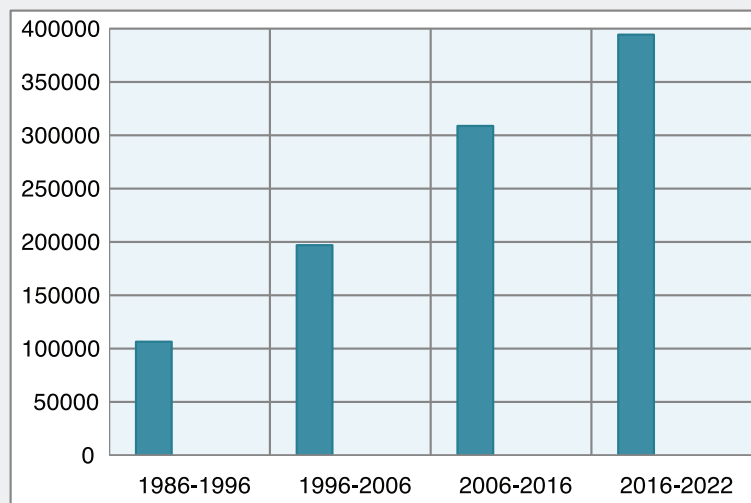

# OUR JOURNEY

Established in 1984, we at Mukti are proud that we have had a wonderful journey making people's lives beautiful. We started out in a small garage fabricating artificial limbs and today, we **have reached the 4,00,000 mark.** In 1989, we bought land at Meenambakkam for the workshop and started fabricating artificial limbs in small quantities.

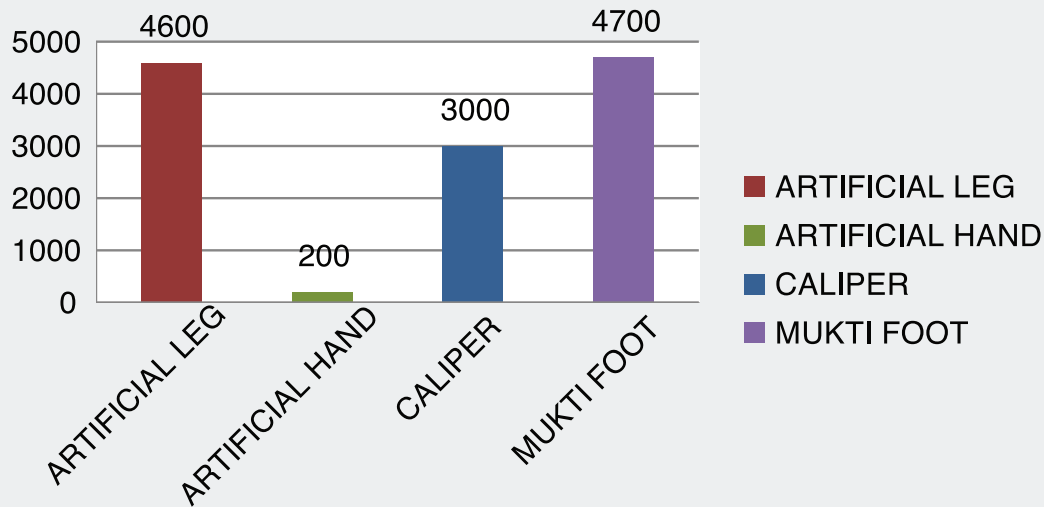

In the same year, we held our first Overseas Artificial Limbs Camp. Later, we started fabricating artificial arms and in 1991 established the S.L. Sethia Memorial Centre, Meenambakkam, Chennai. In 1992, we extended our services to encompass rehabilitation of the physically and mentally challenged. In 1994, we started manufacturing calipers too. In 1999, we started training technicians. In 2002, we took on interns from physiotherapy departments of various colleges and in 2003 spread our wings to Pondicherry by opening a centre at Kottakuppam. We work with the blessings of Late Shri Lalchandji Dadha, Late Shri Milapchnadji Dadha and Late Shri Sohanlalji Sethia besides Shrimati Ratandevi Sethia who supported us financially in a big way.

***We are immensely thankful for the wholehearted support from family, friends, well-wishers, Rotarians. Lions, Jains, Jaycees and other organisations.***

## CURRENT YEAR AT A GLANCE

### NO. OF BENEFICIARIES

## OUR FOOT PRINTS

At Mukti, we believe that providing artificial limbs and calipers is about making a transformational change in lives. We have conducted limb camps at various places, Mukti – Chennai, Telicherry, Palakkad in Kerala, Salem, Vellore in Tamilnadu, Kashmir, Gujrat etc.. We have conducted limb camps across the globe. Artificial limbs and calipers are provided free and we have thus far reached more than 4 lakhs.

**Whole hearted involvement...  
In the movement**

## FOOT FALL: ◀

Ford Motors Pvt Ltd, Larsen & Toubro Pvt Ltd, Inner Wheel Club Madras Esplanade, Rajasthan Cosmo Club Foundation , Rotary Club of Chennai TidelPark, Parker HannifPvt Ltd, Mahaveer International Club, Rotary Club of Adyar, Shrimad RajachandraSarvamangal Trust, Shakti Club, Mr. Satya Kumar, Rtn.Archana, Ms. Chandra Munoth, Rtn.M Suresh, Ms. Sunita Dhoka, Dr.Malathi, Ms. AnuradhaJeyaraman, Dr. Meera Raghavan, Rtn. ChithraThiyagarajan, Ms. BijeyrajBhandari, Ms. L Pauline Jayanthi, Mr. Gagnesh Sanghvi, Ms. Chithra Kannan, Mr. Vinay Surana, Ms. Swetha Reddy, HP Shakti LadiesClub and many more.

## OUR APPROACH

We have always looked for ways to make people self-reliant and enjoy a better quality of life. We decided that the best way to do this was through skilling them. We had started electrical and plumbing classes for school dropouts and the underprivileged. This had a good response. However, after the pandemic, the whole world has moved into digital mode. We decided that we should go in this direction too and started basic computer classes for them with the support of Ford Motors. We also provide Physiotherapy services for the mentally and physically challenged; this initiative is supported by Ford Motors under CSR.

*All our services are provided free of charges to beneficiaries and these have helped better their lives.*

## OUR STRENGTH

When I was asked to join Mukti, was surprised and confused but this moment also brought a realization that now is the time to give back to society in some way as a measure of thanksgiving for the good things of life, to help in the upliftment of mankind, especially the physically challenged. It's been almost 4 years since; I have joined Mukti and trust me the satisfaction I get can't be expressed in words. It's a wonderful and immensely satisfying feeling to be able

to make orthopedically challenged people come to near normal life. Mukti to me is not just another NGO but a movement. One that acts as a catalyst and sets in motion transformational life experiences. This is what truly motivates me. It is a pleasure to be assisting Mukti and I will always be indebted to Meena Jiji who has also become a mentor for me. I still have to learn a lot.

## FROM 0% TO 100% MOBILITY

**Satish was a young man with a promising future when a terrible tragedy struck him.** He was crossing the railway tracks listening to music.

A train was rushing towards him, but he did not hear it as earphones were glued to his ears. Neither did he hear people calling out asking him to move away from the train tracks.

In no time, he was run over by the train and lost both hands and legs! Satish was in a state of shock when he painfully realized what had happened.

He did not know what to do. The fact that he had to depend on his family for his every need, made him depressed. He felt frustrated, unhappy and helpless at his state of

affairs. He prayed to God seeking a miracle. And miracle happened! Someone told Satish's brother about Mukti. They lost no time in reaching Mukti.

**At Mukti, Satish was fitted with artificial limbs. Soon he also re-joined his office. Today he's confident, independent and happy.**

## BEST OF THE YEAR

My eventful journey with Mukti started in 2015 onwards through the Jiv Daya Foundation, USA. Working with Mukti I met many orthopedically

challenged persons and could empathize with them and understand their pain and misery. I joined Jiv Daya Foundation with the aim to serve the needy the best way I could and at Mukti, I am happy that I am doing the same. Every night I thank almighty for this blessed opportunity. I think every time I bring a smile to a patient's face, this is God's blessing. The first time I met Meena Dadha Maam, it was not only a wonderful experience but I started

admiring her for the great work she is doing. Many things might have changed but my inspiration is the same. Her presence gives us (Our team) strength and courage. I am glad that I am a part of the Mukti and JDF family. It has been an immensely satisfying experience professionally.

I pray to the almighty to give me enough strength to serve many more people and try to make them smile.

**Shatabdi Das Mohapatra**

My journey with Mukti has spanned 37 years and it has been an immensely satisfying experience both professionally and personally. Once I joined Mukti, I was trained and in two years became a full-fledged technician and learnt to do fittings, manufacture limbs, calipers and so on. For the first four years, we were making aluminum legs but these were heavy and then we shifted to lightweight HDP which makes it easier for the users. I have been part of camps across India from Kanyakumari to Kashmir. I have also been to out-of-country camps like Brazil. I have gained a lot from Mukti. I am very happy; my children's education is being taken care of by Mukti.

**Dilli Babu**

## SANAL GETS A NEW LEASE OF LIFE

Sanal was a software engineer at a reputed company and life seemed to be going smoothly ahead.

He got married and was happy. But on his wedding day, as he was returning home with his new bride, they met with a tragic accident. Sanal lost both his legs in the accident.

The happiest day of his life turned into a night mare. The loss was irreparable. His dreams were shattered. Sanal's family was devastated. One day when he was browsing the internet he

chanced to go through a news item on Mukti on a social media site. Learning about the services offered at Mukti, gave him a ray of hope. At Mukti, a hi-tech artificial limb was immediately fitted and this transformed his life. No longer was he dependent on anyone for his needs. He immediately secured a job and was integrated into the mainstream of society. Looking at Sanal and several others like him, we at Mukti reinforce our mission to help those in need attain **"Freedom from pain, misery and crutches."**

## ABANDONED COW, KAMAKSHI GETS A NEW LEG FROM MUKTI!

The Gow Samrakhshyan Sala, T.Nagar, Chennai had rescued a 2-year-old cow that had been abandoned. They took her in, cared for her and gave her a beautiful name, Kamakshi. However, she was suffering from a problem. By birth, Kamakshi's **one leg was shorter than the rest**. This made her body's alignment change from the back. She was unable to stand for a long time or walk as her body weight could not be balanced on 3 legs and the back side by only one leg. She turned 4-year-old this year and things became worse. **Her back leg also started bending**. Seeing Kamakshi struggle so much, one of our Caliper users Mr. Rakesh who is an auditor, was moved to tears. He came to us seeking support, hoping that we could alleviate her problem. We at Mukti felt that this was a challenge and decided that we would take it up. Our Prosthetist immediately visited the Gow Samrakhshyan Sala and took the cast and measurement in a detailed

manner. Based on this, we manufactured a customised prosthetic device.

We consider ourselves blessed that Kamakshi is now able to stand with her four legs. The new limb has changed her life. It was a wonderful moment for us to know that not only humans but also animals can also be taken care of by Mukti. We can give them the freedom from the pain and misery. Mukti is blessed to get a chance to do this and we fulfilled this **challenge successfully**.

## ACTIVITIES AT A GLANCE

(FORD TEAM VISIT)

(SHAKTI LADIES CLUB TEAM VISIT)

### DISTRIBUTION OF MOBILITY AIDS:

TRICYCLE DISTRIBUTION

ARTIFICIAL LEG

ARTIFICIAL HAND

ARTIFICIAL LIMB & CALIPER

**Rajasthan Cosmo club (RCC)** associated with us to provide blankets, clothes and food to the physically challenged persons at Mukti. The event was highly appreciated and well attended by RCC members.

## INTERNSHIP PROGRAMME AT MUKTI:

Mukti offers students valuable Internship Programs which train them in various aspects of manufacturing artificial limbs and calipers. This gives them rich experience and insight which is very useful in their professional lives. Students from the following institutions have interned with us:

- » University of Strathclyde, Glasgow
- » Maharashtra Institute of Technology, Pune, India
- » Madras Institute of Technology, Chennai, India
- » SRM University, Chennai, India
- » Ishwar Institute of Prosthetics & Orthotics, Chennai, India

## NEW CHAPTER UNVEILED

We have many events on the anvil. These are designed to bring hope to hundreds whose lives lie shattered due to the loss of limbs. These include:

- » Artificial Limb Camp at Virudhachalam
  - » Artificial Limb Camp at Salem
- Mukti will also have an Annual Day Celebration that will celebrate the joy of having transformed lives for 37 years and a journey that moves ahead.

### ProgrammeLists:

- » Awareness Programme
- » Marathon & Cultural Event
- » Foot & Mouth Art
- » Traffic Awareness Programme

## CONDOLENCE

We mourn the demise of Ms. Nisha Sood, who has been an active member of the Mukti family for over 3 decades. As a committee member, her dedication and commitment to the cause was absolute and beyond words to describe. We pray our humble homage to the departed soul.

# OUR DONORS

Though we would like to acknowledge the individual contributions of each donor and sponsor, we are unable to do so as the list is long. We are grateful to each one of them for their contributions that helped us serve a large number of beneficiaries. It has also helped us reduce the backlog of people waiting to be served. We solicit their continued patronage to help us fulfill our task.

## LIST OF INDIVIDUAL, ASSOCIATION AND CORPORATE DONORS:

- » CKPL Steels Pvt Ltd
- » Dadha & Co Golden Jubilee Trust
- » Dayachand Malhotra Charitable Trust
- » Escapade Real Estate Pvt Ltd
- » Ford Colorful Marketing
- » Ford Motors Pvt Ltd
- » Mr. Ishant Jain
- » Inner wheel club of Madras Esplanade
- » J.C. Jewelers

# WORDS OF APPRECIATION

December 14, 2022

## Congratulations to Mukti Foundation on the completion of 37 years !

I consider it a blessing to have known Ms.Meena Dadha, Founder – Mukti Foundation for many years now.

I live in Lloyds Road parallel to the street where she had a huge house and the Garage of her house had its entrance in my street. I have seen Mukti starting its operations in 1985-86 in the small garage, making Jaipur Limbs. Wow ! Mukti has now grown very big and has its own Service Centre in Meenambakkam, manufacturing Artificial Limbs and supplying them **free of cost** to those who have lost their limbs in Accidents, Diabetes, etc.

In the last 37 years of its existence, Mukti has provided more than 4 lac limbs to **people all over the world**, provided wheel-chairs, runs its Vocational Training Centre offering Skills like Plumbing, Electrical, Computer Courses for the disadvantaged.

Mukti also finds jobs for those who are in need and organizes systematically Sports & Cultural activities for the Mukti Members.

As a true Jain, Meena Dadha's services are noble and it is God's Calling that she has been a chosen one to do this Humanitarian Work for mankind.

May Meena Dadha continue her yeomen service through Mukti for the benefit of the society around us !

SHRIRAM LIFE Sanlam 2014

Mrs. Meena D'adha  
Founder & Chairperson  
Mukti Foundation  
Chennai – India

December 12, 2022

Dear Mrs. D'adha,

On the auspicious occasion of 37<sup>th</sup> anniversary of Mukti India, we all at Jiv Daya Foundation sending you our heartiest congratulations. MUKTI's mission has been to help orthopedically challenged in need of artificial limbs or calipers for their mobility.

MUKTI is working for a noble cause and Jiv Daya foundation had the opportunity to witness their work over the years of provided irreplaceable benefit to the most underprivileged people from South India. This work shows the commitment of the founder and the team of MUKTI.

I take this opportunity to congratulate Mrs. Meena Dadha and her team at MUKTI. We are excited to follow along and assist you in your mission.

Best,

*Viray Jain*

I am delighted to know that the Mufti Foundation has completed 37 years of dedicated service to the cause of handicapped persons. I <sup>have</sup> personally interacted with the persons behind the Foundation and know of the outstanding work done by it to relieve the miseries and suffering of those who had lost their limbs. I wish the Foundation continues success to the Community.

### Philanthropy at its Best

The story of Mukti is an amazing story of self-less, dedicated service to the most deserving. For those who have lost their limbs either fully or partially, moving and functioning is a major challenge. It is this challenge that Mukti addresses and empowers the physically challenged by aiding their mobility and functioning.

Under the bonign and caring stewardship of Ms Meena Dadha, over the last 36 years Mukti has focussed on two areas: artificial limbs and callipers. Over the years, it has grown into a complete, end to end hand holding service for the physically challenged. From custom fitting of artificial limbs and making suitable callipers to counselling, training and finding them employment, Mukti is involved in all aspects of the lives of the physically challenged. It is difficult to imagine any single organisation fitting 400,000 artificial limbs, which is exactly what Mukti has done.

Its own production facility for artificial limbs supplies to other organisations in addition to meeting its own needs and its products have been certified to meet the highest international standards. Mukti does not wait for the physically challenged to come to it but reaches out to them by conducting camps in different parts of Chennai. I have personally seen its facility and the work it does and am convinced that Mukti represents philanthropy at its enlightened best and deserves the support of all concerned people.

Mukti means moksha or liberation, freedom from pain and suffering. This is exactly what Mukti Foundation ably headed by Mrs. Meena Dadha has been doing for the past 37 years with an objective to provide artificial limbs and callipers to the orthopedically challenged person free of cost. It is giving new life, freedom to persons who were dejected and depressed with their disability. By fitting them with functional, practical, lightweight and flexible artificial limbs, they give the suffering people a new life filled with self-dignity, self-confidence and make them an asset instead of a liability to their family. Thus Mukti has so far given new life to as many as mind boggling figures of 4 lakh individuals and I salute their noble act and yeomen service to the society.

My good wishes and sincere prayers to Mukti; M.S. Dadha Foundation and its team members continue their extraordinary service to the society which makes them unique among other NGOs.

MS. SIVASANKARI

Writer & Activist

#### **Daman Prakash Rathod**

(Member: State Minorities Commission,  
Govt of Tamilnadu, 1996- 2002)

Respected Meena Dadha ji,  
Mukti: M.S. Dadha Foundation.

I am glad that "Mukti" is now 36 years young with a track record of serving a multitude of differently abled with primary objective to provide artificial Limbs and Callipers. I wish you many more great strides ahead, from 4 lac to millions of such aids in future under your stewardship and team that you helped develop.

I recall with great pride my direct association with your esteemed organisation from 1994. Its due to guidance of Mukti, our trust headed by my late younger brother with ten others as trustees started "Jeevan Jyoti" in 1994 at Erode and today we are working towards same objective in reaching out to lakhs of people of Western, Southern Tamilnadu and neighbouring States. You indeed inspired us, guided us in our journey of 28 years. You helped us in plant machinery, know how to train personnel and organise camps to help the needy. Without your guidance we could not have attained this success.

**Mukti** means liberation and your organisation has brought cheers to tens of hundreds orthopedically challenged brothers and sisters. Your high tech artificial limbs transformed many lives, who in turn greatly contributed to National Productivity and wealth in economy.

I wish the celebration every success as such celebration brings more dedication and vigour among team members and well-wishers. Path of Mukti is noble and inspiring to many.

On behalf of me and on behalf of trustees of Jeevan Jyoti Trust, Erode we greet you and wish you all many decades of productive social service.

# ACHIEVERS USING MUKTI LIMBS

## KNOW ME FOR MY ABILITIES, NOT MY DISABILITY

***“Courage doesn’t mean you do not get fear,  
Courage means you do not let fear stop you”***

# AN APPEAL

Greetings from Mukti !

The loss of a limb or limbs can throw a person's life completely out of gear. It not only results in immense physical trauma but mental trauma too. An accident, birth defect or diseases like diabetes can result in loss of limbs and this can make people feel completely rejected and outcast from society to add to their pain. Our 37-year-old journey has a single goal, providing the orthopedically challenged without limbs with "freedom from pain and misery." We achieve this objective by providing artificial limbs and calipers to help them stay self-reliant to do their day-to-day chores and activities. We also provide

vocational training and facilitate self-sustainable and gainful employment.

Mukti's vision is to see that all orthopedically challenged people have artificial limbs and calipers in order to enable them to walk with dignity and be self-reliant. Our vision is to ensure that all amputees have freedom from crutches, freedom from pain and freedom from misery so that they live their dreams once again.

*Spare a moment... for the moment*

Mukti provides artificial limbs to amputees and calipers to the polio afflicted persons free of charges. Over the years, we have provided over 3,00,000 such appliances to the needy. The requirement of funds is huge and our resources limited. We require the support of like-minded and philanthropic friends and organizations to support us in our objective.

You could support us by sponsoring Mukti Limbs / Calipers for a year and we will provide the Mukti Limb / Caliper to the beneficiary on the date of your choice.

MUKTI accepts sponsorships for limbs/calipers. The donor can contribute as follows to meet a part of the cost and the balance is provided by M.S. Dadha Foundation.

MUKTI accepts sponsorships for limbs/calipers.

The donor can contribute as follows to meet a part of the cost and the balance is provided by M.S. Dadha Foundation

MUKTI LEG	Rs. 5000
MUKTI HAND	Rs. 15000
MUKTI CALLIPER	Rs. 3500

You could contribute to Mukti Corpus Fund and create an endowment for sponsoring Mukti Limbs / Calipers for 10 years and we will provide the Mukti Limb / Caliper to the beneficiary on the date of your choice for the next 10 years :

Spare a moment for the movement. Your gesture will provide mobility to a person and provide him freedom from crutches and a life of dependency.

Alternatively an endowment could be made as follows and the Limb / Calipers will be provided for the next 10 years on the specified date of your choice

MUKTI LEG	Rs. 50000
MUKTI HAND	Rs. 150000
MUKTI CALLIPER	Rs. 35000
